

# Make Space for Girls

We've made lots of changes to Cale Park in the last few years to make it a great space for young people. Recent research shows that the kind of equipment we have installed (the skate park, and MUGA), is used almost entirely by boys in other parts of the country.

We've teamed up with Make Space for Girls, a national organisation that campaigns for facilities and public spaces for teenage girls, to find out what you, the girls of Wincanton, feel about what is currently provided, what you use, and what would help you use the facilities here more!
